MOULIN ROUGE

Project	
Architects	ICI ARCHITECTES
Address	Paris
Programe	<B> New dance school for the Moulin Rouge in Paris
About	During the day, the vertical street opens the building to Paris and natural light behind a transparent screen offering protection and calorific exchanges. During the night, the screen reflects the common image of the Moulin Rouge , memory of the place, and generates a magic night around the cabaret.
Typology	Education
