OPEN CALL - EDITORIAL TEAM - "INVENTORIES#2"

First launched in 2010 and published by the Architecture Cell of the Federation Wallonia-Brussels and Wallonia-Brussels Architectures (WBA), the Architectures Wallonie-Bruxelles Inventaires # Inventories collection sets out to paint an up-to-date picture of recent architectural developments in Wallonia and in Brussels and to illustrate the commitment shown by the public authorities and private individuals in the search for an architecture that is in step with its time and with concerns to improve our living environment.
