Address

ENSAS 6 boulevard Wilson, 67000 Strasbourg

The Brussels-based office V+, vers plus de bien être will give a lecture at the ENSAS on May 11th at 7 pm. A monographic exhibition dedicated to this office created in 1998, coproduced by the FWB and BOZAR, puts forward the collaborative mode of their work. It is currently internationally promoted by WBA: after Nancy at the beginning of the year, it will be presented in Stockholm in November.
