OPEN CALL - FUTURE ARCHITECTURE PLATFORM

Future Architecture is more than a competition. Future Architecture is changing the very foundation of architecture in Europe and beyond. Exploring boundaries. Breaking down the walls. Building new systems. Forming new coalitions. Providing talented conceptual thinkers and practitioners with opportunities to speak up ? and be seen and heard.

Let the Future Architecture platform help you boost and sharpen your practice. Start exchanging your ideas and projects with high profile institutions ? museums, galleries, publishing houses, biennials, and festivals ? to find avenues forward real international recognition.

We are inviting multi-disciplinary emerging professionals from all over the world to apply with transformative projects related to our living environments. Send us your completed projects, theoretical or conceptual propositions for spatial, social or cultural innovations and join our discussion about the future of architecture.

We welcome projects that address:systemic changespractical problemsnew areas of operation beyond existing frameworks

Become part of the European Architecture Program 2019 and see how Future Architecture can help you develop your practice. Selected applicants will be invited to participate in one or more of the following activities.
