

Project

RÉCOLLETS CAR PARK

Architects

CANEVAS

Address

rue des Récollets, 7800 Ath

Programme

A single-storey underground car park situated under the heart of an urban housing block with a capacity of 30 spaces. It is made in apparent concrete and is waterproof. Pits of natural light in the roof rhythm the space. The development is completed by apparent lighting, the marking of the spaces and the signs, in cooperation with the artist Jean Glibert.
