Office

About

Rive Gauche is a 40.000 GLA inner city shopping center development that includes also a 124 rooms 4 Star hotel and 50 residential units. The project is the driving force in transforming Charleroi's merely deserted lower city into a mixed-use, dynamic and attractive district. With its mixed program, asserted urban stance and strong architectural expression, it reinforces the area's attractiveness and completes the mix of urban functions, breathing life into pre-existing activities and offering new employment opportunities. Conceived as a porous commercial promenade, the project bears a true urban interaction enhanced by a redefinition of the surrounding public space.
