

Project

LIBREX

Architects

DÉLICES ARCHITECTES SCPRL

Address

Angle rue du Libre Examen et Vander Bruggen, 1070 Bruxelles

Programme

Construction of five new housing units to meet the standard "passive"

About

This is a corner building with a year of development requires careful design to the contributions of light. The program proposes to build a floor space smaller than the plot. We take this situation to create a third front in the building corner. The undeveloped area is used to provide external circulations. The project is a frame building mixed concrete / wood and meets the performance of buildings "passive".

Typology

Housing (include mixed use)

Status

Built

Conception

2010
