UPWOOD ROAD

Project	
Architects	MORALES FINCH
Address	Upwood Road, SE12 8AA Londres
Programe	Complete refurbishment of an archetypal 60?s, 3 storey home
About	The refurbishment of an archetypal 60?s, 3 storey, home sought to take advantage of the freedom that its original concrete frame offered, providing a more suitable and flexible spatial arrangement for its inhabitants. Free of internal structural elements, and benefitting from a dual aspect, a series of open plans are intended to remain able to adapt to future changes in the owners circumstances, with the only fixed element of the building being the staircase that serves all 3 floors. With a limited budget available, a robust and consistent palette of materials and details were introduced throughout, meaning that rooms can adopt over time to different purposes, as and when required. Constructed between August 2017 and February 2018.
Typology	Private houses
Status	Built
Conception	2016
Delivery	2018
Total budget	50.000

Rue du Métal, 1060 Bruxelles
1 Pancras Square, Kings Cross, London N1C 4AG
