Project	# HEAD OFFICE OF AGC GLASS EUROPE
Architects	PHILIPPE SAMYN ET ASSOCIÉS SPRL ARCHITECTES & INGÉNIEURS
Address	Avenue Jean Monet, 4 à B, 1348 Ottignies - Louvain-la-Neuve
Programe	Winning project of an invited competition.
About	The building follows the route of the N4 highway, respecting the natural landforms. The building is standing on stilts and floating above the rolling landscape. This gives a better view from the E411 motorway and the N4. Its orientation is slightly off-kilter in terms of cardinal points (15°) although this guarantees an excellent amount of sunshine. Pedestrian and automobile pathways enter from opposite ends of the grounds but come together again south of the building where the glazed entrance hall welcomes AGC staff and visitors. Slipped under the offices following the natural gentle slope (1,5-2,5 %), the parking area is discreetly positioned under the building, preserving the surrounding landscape which is covered with greenery (mown lawns and meadows of flowers) and a scattering of fine oaks.
Typology	Offices (include mixed use)
Status	Built
Conception	2010
Delivery	2013
Client	AXA Belgium
Area	10,923

chaussée de Waterloo 1537
1180 Bruxelles
