

Project

MICROSOFT INNOVATION CENTER

Architects

RESERVOIR A - ARCHITECTES

Address

Parc initialis, 7000 Mons

Programme

Conversion of the building ex-Telindus, office start-ups, server room, restaurant, parking

About

How can we radically change the appearance of an existing building, marked by the dreadful popular success of a postmodernist aesthetics infamous for its easy play on historicism? How can we reflect its use as a training centre, as well as a leading technical centre, in the frontline for the development of virtual images? These issues have been implemented by taking into account the distinctive characteristics of a building site on an occupied site.

Typology

Offices (include mixed use)

Status

Built

Conception

2008

Delivery

2010

Client

IDEA + Virtual Incubator

Stability

Bureau d'études Pirnay

Special techniques

Poly-Tech Engineering
