ARCHITECTURES WALLONIE-BRUXELLES INVENTAIRES # 1 INVENTORIES 2010-2013

Building on the review of more than a thousand projects inventoried on a poster, the orthodoxe collective paints a portrait of architecture in Wallonia and Brussels through the exploration of five topics: contemporaneity, representation, mediation, ecology and cosmopolitics.

Enriched by various contributions from Belgian and foreign architects, researchers and critics, Architectures Wallonie-Bruxelles Inventaires # 1 Inventories 2010 ? 2013 eventually presents a selection of 30 projects ? housing, community equipment, public spaces, facilities, publications, cultural programs and citizens' initiatives ? pictured under the eye of Maxime Delvaux.
