MODERN AND CONTEMPORARY ARCHITECTURE GUIDE - CHARLEROI

The 4th issue of the Modern and contemporary architecture guide is devoted to Charleroi. It invites you to look at architecture differently. It presents a selection of 322 projects commented by more than 70 authors and illustrated by the photographer Marie-Noëlle Dailly. The projects are also illustrated with plans and located on maps. Modest programs or major accomplishments, private commissions and public buildings, they are the fruit of modernity revisited in each period by the architects, from Art Nouveau until today.

This issue is produced in partnership with the Faculty of Architecture La Cambre ? Horta of the ULB under the directory of Iwan Strauwen and Judith le Maire.

The three previous issues are devoted to Liège, Mons and Tournai.
