

## V+ IN NANCY & STOCKHOM - AND THEN?

In 2017, the exhibition V+ architecture documents on five projects has been shown at the Ecole nationale supérieure d'architecture of Nancy (France) from February 6th till March 24th and at the Faculty of Architecture of the KTH in Stockholm from November 9th till November 24th.

The presentation in Nancy allowed the office V+ vers plus de bien-être to be invited to give a lecture in Strasbourg in May 2017 and to be invited by 4 French practices since then to enter joint applications.

The presentation in Stockholm also allowed V+ to meet the architects from Elding Oscarson. On the same wavelength, they decide to introduce a joint project to the Call for projects launched by Brussels' Bouwmeester regarding the Hotel Palace.

It also allowed the photographer Maxime Delvaux to meet Arrhov Frik, Swedish architect who wants him to take pictures of his projects next summer. A new order to be added to the orders received after he gave a lecture at the Librairie Volume in Paris in the frame of the presentation of entrer:five architectures in Belgium in December 2015.

He is also in discussion concerning a possible collaboration with the bookseller of Konst-ig in Stockholm. To be followed!
