WBA AT MIPIM IN CANNES

WBA will still be present at the MIPIM this year. Come and meet us there on the Belgian Pavilion: MIPIM 2014 will be the first year in which the three Belgian regions join forces to create a collective pavilion at MIPIM.

Fourteen years after their first participation at the event, the Walloon Region and the AWEX are also furthering their efforts to attract the attention of the international property community to the real estate projects and potential back home and to nurture business relations.

The Brussels-Capital Region is making the most of the MIPIM to present Brussels and its assets to the promoters and operators present. Since 2010, Brussels Invest & Export, in cooperation with the ABE (Agence bruxelloise pour l'Entreprise), has been working together to offer a platform for discussion to Brussels-based companies eager to meet these professionals.

If you want to meet us there, don't hesitate to contact Nathalie Brison.
