LRARCHITECTES

Architects

Description

LRArchitecte door to his credit since 2001 accomplishments that build on a strong investment in quality of life for architecture and light, contemporary and committed.

This approach is coupled with ongoing attention to current energy issues in the interest of sustainable development.

After eight years of collaboration on various projects, the team currently consists of thirteen architects and engineers with multidisciplinary skills and complementary.

Our experience allows us to intervene at all levels and to support all aspects of the project.
